

# Fire and Life Safety Education

## Categories:

- 4100 Children
- 4200 Youthful Fire Setters
- 4300 Adult - General
- 4400 Adult - Speciality
- 4500 Life Safety Educators
- 4600 French

The Protection and Emergency Services Branch resources library has a variety of fire and life safety education materials available for loan. Please review the catalogue to find videos and programs for every age group from preschool to older adult.

**To borrow materials please contact us at (306) 787-4113.**

This catalogue can be obtained from our web site at: <http://www.cps.gov.sk.ca/FLSELLibrary.pdf>

**4100. Policing**

Title: ***Play Safe! Be Safe!***

Date: ©1994

Source: Bic Corporation

Explanation: The kit contains: dress the fire fighter activity board; safe for play activity board; colour story flash cards; keep away card game; and teacher's manual with lesson plans and activities. The video brings a fire fighter into the classroom to teach children the basics of fire prevention and to show them how to respond to specific fire situations. The video covers fire fighters' turnout gear; stop, drop and roll; crawl low under smoke; matches are tools for grown ups.

Format: Video/Education Kit

Time: 20 Minutes

Audience Age 3 - 5 Years

**4101.**

Title: ***Nero and Ashcan: Matches and Lighter Safety***

Date: ©1991

Source: Manitoba Office of the Fire Commissioner

Explanation: This education kit teaches children the difference between good and bad fires. It stresses that matches and lighters are tools for adults, not toys for children. The kit includes: lesson plan; good fire, bad fire flashcards; mock matches and lighters; read along book; audio cassette; and "Be Cool with Fire" video.

Format: Video/Education Kit

Time: 8 Minutes

Audience Age 3 - 5 Years

**4102.**

Title: ***Burn Prevention: Always Be Careful***

Date: ©1981

Source: Magic Lantern

Explanation: Clay animation and song combine in an imaginative story to educate children about the seriousness of burn injuries and common sense safety in the home. Focuses on five important safety rules pertaining to home appliances, stoves, electricity, bathtubs and sinks, and household cleaners. Emphasizes that parents should never underestimate the curiosity of children

Format: Video

Time: 10 Minutes

Audience Pre-school

**4103.**

Title: ***Sesame Street Fire Safety Station***

Date: ©1996

Source: U.S. Fire Administration Publication

Explanation: The guide book and audio cassette of songs and stories is designed to reach pre-schoolers with simple, memorable fire safety messages. Eight fire safety messages are presented using a variety of hands-on activities.

Format: Instructor's Book/Cassette Time:

Audience Pre-school

**4104.**

Title: ***Follow the Footsteps to Fire Safety***

Date: ©1996

Source: Saint Paul Department of Fire and Safety Services

Explanation: The goal of the program is to prevent fire play and to develop appropriate reactions to fire and burns. In addition to the video there is a curriculum including lesson plans and activity sheets. Topics covered in the video are: good fires/bad fires; matches and lighters; smoke alarms; home escape planning; clothing fires; and burn prevention and first aid.

Format: Video/Curriculum Time: 12 Minutes

Audience Pre-school - Kindergarten

**4105.**

Title: ***Fire Safety for Kids***

Date: ©1995

Source: Alert-all Corporation

Explanation: Join in as Beasel the Easel and Hector the Smoke Detector sound the alarm on fire safety. With a cast of delightful characters and original soundtrack, children learn about stop, drop and roll, crawl low under smoke, smoke alarms, and more. A unique blend of entertainment and information.

Format: Video Time: 23 Minutes

Audience Pre-school - Grade 2

**4106.**

Title: ***Sparky's ABC's of Fire Safety***

Date: ©1990

Source: NFPA

Explanation: Sparky leads kids on a fire safety adventure through Alphabet Land. As Sparky and his team of children make their way through this magical world, each letter teaches a specific fire safety lesson. Instructor's Guide includes lesson plans, activity, colouring and music sheets.

Format: Video/Instructor's Guide

Time: 9 Minutes

Audience Kindergarten - Grade 2

**4107.**

Title: ***Be Cool About Fire Safety***

Date: 1996

Source: For a Safer America Coalition

Explanation: This video provides fire safety information about: escape plans, emergency numbers, and smoke alarms. It features animated characters including Jose the Hydrant, and Seemore Smoke, the smoke detector. Rock and roll hall-of-famer Little Richard performs original songs. Children love it.

Format: Video

Time: 15 Minutes

Audience Kindergarten - Grade 3

**4108.**

Title: ***Rescue Rangers' Fire Safety Adventure***

Date: ©1991

Source: Magic Lantern

Explanation: Rescue Rangers Chip n' Dale, along with their friend Fire Fighter Phyllis, must foil the plans of their enemy, Fat Cat, as he leaves a trail of fire hazards through the fire station. Phyllis and the Rescue Rangers uncover the hazards and explain fire safety procedures such as EDITH (Exit Drills in the Home) and basic burn care. Live action.

Format: Video

Time: 15 Minutes

Audience Kindergarten - Grade 3

**4109.**

Title: ***Sparky's Greatest Escapes***

Date: 1999

Source: NFPA

Explanation: The video is designed as an instructional tool to explain the hows and whys behind developing a home escape plan. It uses live footage of families planning and practicing their home escape plan. The video illustrates escape planning from single family dwellings, apartments and high-rises.

Format: Video/Instructor's Guide

Time: 14 Minutes

Audience Kindergarten - Grade 3

**4110.**

Title: ***Grow Up With Safety***

Date: 2006

Source: SK Labour

Explanation: Grow Up With Safety is a series of innovative school-based health and safety education resources specifically designed to support Saskatchewan school curricula. It teaches students in grades 1-9 to examine and practise health and safety at home, at school and in their community. It involves teachers, children, parents, community groups and safety organizations working together to prevent injuries.

Visit [www.labour.gov.sk.ca/GUWS](http://www.labour.gov.sk.ca/GUWS) to download extra copies of the materials, resource related activities and program details. Print copies are available free of charge to all grade 1-9 schools.

Format: Lesson Plan/Guide

Time:

Audience Grades 1-9

**4111.**

Title: ***Fireproof Children: Education Kit***

Date: ©1990

Source: National Fire Service Support Systems Inc.

Explanation: The curriculum contains a variety of activities to address non-traditional areas of fire safety that help children understand the consequences of their actions before the fire starts. The objectives covered are: the power of a single match; the values of not playing with fire; and the consequences of fire play.

Format: Manual/Book

Time: 73 Pages

Audience Kindergarten - Grade 6

**4112.**

Title: ***Talking to Children About Fire: A Presentation Guide for Fire Educators***

Date: ©1996

Source: Fire Solutions Inc.

Explanation: This guidebook is for fire educators who want to incorporate more fire science into their classroom visits. Each grade specific section includes developmental profiles and expectations for what each age group can understand about fire. Lesson plans combine traditional elements of demonstrating turnout gear with newer concepts of fire science. Includes math and science activity sheets.

Format: Manual/Book

Time: 73 Pages

Audience Kindergarten - Grade 6

**4113.**

Title: ***Bike Safety with Bill Nye the Science Guy***

Date: ©1996

Source: Magic Lantern

Explanation: Take a bike ride with Bill Nye the Science Guy and learn about bicycle safety. But before you start your wheels in motion, remember to put on your helmets and do the "pre-ride check". From hand signals and rules of the road to valuable tips from professional cyclists, this is a fun way to learn about a serious subject. Live action.

Format: Video

Time: 16 Minutes

Audience Kindergarten - Grade 8

**4114.**

Title: ***The Adventures of Tiller and Friends***

Date: ©1992

Source: Better Entertainment

Explanation: A fun-filled half hour of songs and skits that entice children to learn fire and life safety messages. The messages include: smoke alarms, escape plans, stop, drop, and roll, water and bicycle safety.

Format: Video

Time: 30 Minutes

Audience Grades 1 - 3

**4115.**

Title: ***Kids in the Fire Hall***

Date: ©1993

Source: Vancouver Fire & Rescue Services

Explanation: The video uses comedy, puppets and song in an interactive fire safety presentation to a group of children in a fire hall. Fire safety topics discussed include match and lighter safety, smoke alarms, home escape plans, crawl low under smoke and stop, drop and roll.

Format: Video

Time: 29 Minutes

Audience Grades 1 - 3

**4116.**

Title: ***I Am Fire***

Date: ©1987

Source: NFPA

Explanation: This animated film uses comic & dramatic techniques to teach important fire safety lessons in an entertaining format. It illustrates the power of fire, how quickly fire gets out of control and shows children how to cool a burn, crawl low under smoke and stop, drop, and roll.

Format: Video/Instructor's Guide

Time: 10 Minutes

Audience Grades 1 - 4

**4117.**

Title: ***An Ounce of Prevention***

Date: ©1982

Source: Shriners Hospitals

Explanation: This animated program featuring cartoon characters Bugs Bunny and Daffy Duck demonstrates ways to avoid burn injuries at home, including the kitchen, scald injuries in the bathtub, and home escape plans and meeting places.

Format: Video

Time: 14 Minutes

Audience Grades 1 - 4

**4118.**

Title: ***SNOWSMART***

Date: ©2002

Source: SMARTRISK

Explanation: SNOWSMART is a winter risk management program for youth involved in winter activities such as skiing, snowboarding and snowmobiling. The goal is to change youth risk-taking attitudes and behaviour to reduce the number of deaths and injuries among teens. The four key messages are: look first; get trained; wear the gear; and drive sober. The kit includes: curriculum for Physical Education and Science that includes support reference materials and a student manual; video about being snow smart; sample radio and newspaper ads; and posters, collectible cards and much more.

Format: Video/Education Kit

Time: 14 Minutes

Audience Grade 7

**4119.**

Title: ***Donald's Fire Survival Plan (revised)***

Date: ©1984

Source: Magic Lantern

Explanation: Donald Duck and his nephews outline techniques for preventing and surviving a fire in the home. They stress prevention, stop, drop and roll, and "EDITH" (exit drills in the home).

Format: Video

Time: 12 Minutes

Audience Grades 2 - 5

**4120.**

Title: ***Home Fire Safety Safari With Nero and Ashcan***

Date: ©1993

Source: Manitoba Office of the Fire Commissioner

Explanation: This kit educates children to identify fire hazards in the home, to demonstrate proper behaviour in case of fire and to develop a fire home escape plan. The kit includes: lesson plan; guidebook and guide badge for a home fire hazard checklist; and "Home Safety Safari" video.

Format: Video/Education Kit Time: 8 Minutes

Audience Grades 3 - 6

**4121.**

Title: ***Healing Inside Too***

Date: ©1990

Source: British Columbia Professional Fire Fighters Association

Explanation: The video and guide are intended to assist educators with the presentation of burn awareness and the physical and emotional consequences of burn injuries. The true story of a 10 year old boy who was seriously burned and permanently scarred is used to explain the problems and needs of burn survivors. The video uses a sensitive approach to the issue of burn awareness.

Format: Video/Instructor's Guide Time: 9 Minutes

Audience Grades 3 - 7

**4122.**

Title: ***The Hunt for Home Hazards***

Date: ©1988

Source: NFPA

Explanation: This high-tech adventure makes fire safety "cool"! Using special effects and live action sequences it starts with a video game and evolves into a full-scale safety adventure. Your audience will learn what hazards to look for, what they can do to make their homes fire safe, and more.

Format: Video/Instructor's Guide Time: 15 Minutes

Audience Grades 4 - 6

**4123.**

Title: ***Fire Drill! The Lifesaving Mission***

Date: ©1985

Source: NFPA

Explanation: Go behind the scene at NASA to learn how astronaut training can help you have better fire drills at school. The video uses the example of NASA Space shuttle astronauts - who learn complex procedures through drills - to teach students why it is so important to respond when the school fire alarm sounds.

Format: Video/Instructor's Guide Time: 14 Minutes

Audience Grades 3 - 5

**4124.**

Title: ***Kookum's Gift: The Gift of Fire***

Date: ©1993

Source: Saskatchewan Institute on Prevention of Handicaps

Explanation: Kookum (grandmother in Cree) conveys to her grandchildren that fire is a spirit that must be respected. The video explains how to prevent fires and appropriate action to take in the event of a fire. Vivid imagery portrays the story of the spiritual significance of fire within the Aboriginal culture.

Format: Video Time: 10 Minutes

Audience Grades 1 - 5 and Families

**4125.**

Title: ***Hidden Hazards in Your Home***

Date: ©1995

Source: Gas Appliance Manufacturers Association

Explanation: William Shatner narrates this video which explains common sense safety steps families should follow to prevent burn injuries caused by flammable vapour ignition and excessively hot water. Learn the proper way to use and store gasoline and other flammable products. Learn how to prevent tap water scald burns. A "must see" for everyone in your family.

Format: Video Time: 10 Minutes

Audience Grades 4 - 8 and Families

**4126.**

Title: ***Nero and Ashcan on the Farm***

Date: ©1993

Source: Manitoba Office of the Fire Commissioner

Explanation: This education kit teaches children about farm and fire safety. It addresses farm fire hazards, and safety issues concerning farm chemicals and farm machinery. The kit includes: lesson plan; reusable two-sided activity poster; comic book; and "Nero and Ashcan on the Farm" video.

Format: Video/Education Kit Time: 5 Minutes

Audience Farm Children Age 9 - 13 Years

**4127.**

Title: ***Kids Fire News Television (KFN-TV)***

Date: ©1993

Source: NFPA

Explanation: Young teen anchors from KFN-TV deliver fire safety messages in the high-paced style of a music video. Humorous skits, popular music and dance reinforce the fire safety news reports.

Format: Video/Instructor's Guide Time: 19 Minutes

Audience Grades 4 - 6

**4128.**

Title: ***Fire: Concepts and Behaviour***

Date: ©1977

Source: NFPA

Explanation: This video presentation discusses the dynamics of fire chemistry and fire behaviour. Laboratory demonstrations and graphics illustrate the relationship between fuel, heat and oxygen in the fire tetrahedron; the phenomenon of flashover; the states of a fuel and the methods of heat transfer.

Format: Video Time: 20 Minutes

Audience High School Chemistry Students

**4129.**

Title: ***Hot Stuff and the Kids***

Date: ©2004

Source: SK Professional Fire Fighters Association

Explanation: This 3D animated video uses a birthday party scenario to convey fire and burn safety messages that help children identify dangerous situations and act appropriately to protect themselves. The day goes from one crisis to another with Hot Stuff the Fire Cat to the rescue each time. Key messages include: kitchen safety, matches, hot water, smoke alarms and home escape plans.

Format: Video

Time: 20 Minutes

Audience Kindergarten - Grade 3

**4132.**

Title: ***To A Babysitter***

Date: ©1987

Source: Magic Lantern

Explanation: This video discusses the general responsibilities of babysitters. It includes information such as message taking, fire safety and other information necessary to provide quality child care.

Format: Video

Time: 21 Minutes

Audience Babysitters

**4133.**

Title: ***Fire Smart for Babysitters***

Date: ©1996

Source: Saskatchewan Safety Council

Explanation: This video addresses vital fire safety information for babysitters. Smoke alarms, escape plans, emergency numbers, matches are tools, kitchen safety and many other topics are discussed. The video tells the dramatic story of a fire that happened while a babysitter was in charge.

Format: Video

Time: 17 Minutes

Audience Babysitters

**4134.**

Title: ***Safe Cycling with Sam***

Date: ©1998

Source: Saskatchewan Institute on Prevention of Handicaps

Explanation: A bike safety resource for educators of children in Kindergarten through Grade 5. The easy to use materials include: detailed grade specific lesson plans for a variety of subject areas; organizing a bike rodeo; and municipal bicycle bylaw development guide book.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 5

**4135.**

Title: ***Learn Not to Burn Pre-school Program***

Date: ©1991

Source: NFPA

Explanation: The "Learn Not to Burn Pre-school Program" is a practical and evaluated program to teach fire safety to pre-school children. It employs songs, games and play activities to teach eight basic fire and burn prevention behaviours. The lessons are short, simple and encourage active participation. Each lesson is reinforced with lively, easy-to-learn songs.

Format: Instructor's Book/Cassette

Time: 60 Pages

Audience Age 3 - 5 Years

**4136.**

Title: ***Learn Not to Burn Level 1***

Date: ©1987

Source: NFPA

Explanation: "Learn Not to Burn" is a fire and burn safety curriculum. It is a practical and evaluated program for classroom instruction which encourages home and community participation. The basic content of the curriculum is contained in 22 lesson cards. In addition, the program includes basic information about fire safety and evaluation instruments.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 2

**4137.**

Title: ***Learn Not to Burn Resource Books***

Date: ©1994

Source: NFPA

Explanation: The "Learn Not to Burn (LNTB) Resource Books" can be used to supplement the LNTB curriculum or as a stand-alone, activity-based fire safety education program. The resource books contain lesson plans, classroom activities and reproducible activity sheets for students and families. Each book is designed to be age-appropriate for a specific grade level.

Format: Lesson Plan/Guide Time:

Audience Kindergarten - Grade 3

**4138.**

Title: ***Learn Not to Burn Level 2***

Date: ©1987

Source: NFPA

Explanation: "Learn Not to Burn" is a fire and burn safety curriculum. It is a practical and evaluated program for classroom instruction which encourages home and community participation. The basic content of the curriculum is contained in 22 lesson cards. In addition, the program includes basic information about fire safety and evaluation instruments.

Format: Lesson Plan/Guide Time:

Audience Grades 3 - 5

**4139.**

Title: ***Learn Not to Burn Level 3***

Date: ©1987

Source: NFPA

Explanation: "Learn Not to Burn" is a fire and burn safety curriculum. It is a practical and evaluated program for classroom instruction which encourages home and community participation. The basic content of the curriculum is contained in 22 lesson cards. In addition, the program includes basic information about fire safety and evaluation instruments.

Format: Lesson Plan/Guide Time:

Audience Grades 6 - 8

**4140.**

Title: ***Wisdom of the Fire: Theme One***

Date: ©1997

Source: Assembly of First Nations, Canada

Explanation: A fire safety curriculum developed for First Nations children. Based on the Learn Not to Burn program, it enables children, families and communities to learn fire safety behaviours that promote a prevention philosophy in a culturally appropriate manner. It includes lessons, activities, worksheets and evaluation tools. Topics includes: The Community & Cultural View of Fire; Safety with Matches; and Safe Smoking Habits.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 2

**4141.**

Title: ***Wisdom of the Fire: Theme Two***

Date: ©1997

Source: Assembly of First Nations, Canada

Explanation: A fire safety curriculum developed for First Nations children. Based on the Learn Not to Burn program, it enables children, families and communities to learn fire safety behaviours that promote a prevention philosophy in a culturally appropriate manner. It includes lessons, activities, worksheets and evaluation tools. Topics include: School Fire Drills; Fire Fighters; Home Escape Plans and Smoke Alarms.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 2

**4142.**

Title: ***Wisdom of the Fire: Theme Three***

Date: ©1997

Source: Assembly of First Nations, Canada

Explanation: A fire safety curriculum developed for First Nations children. Based on the Learn Not to Burn program, it enables children, families and communities to learn fire safety behaviours that promote a prevention philosophy in a culturally appropriate manner. It includes lessons, activities, worksheets, and evaluation tools. Topics include: Kitchen Safety; Fire Safety with Heating Sources and Flammable Liquids; Outdoor Safety; and Holiday Safety.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 2

**4143.**

Title: ***Sing Out Fire Safety***

Date: ©2002

Source: FPC

Explanation: This video stars Mary Lambert performing nine original songs. The songs will captivate and teach children the very important messages of fire prevention and safety through interactive music, dance, colourful costumes, humour and fun!!

Format: Video/CD

Time: 60 Minutes

Audience Kindergarten - Grade 3

**4144.**

Title: ***911 Activity Guide***

Date: ©1998

Source: Government of Saskatchewan

Explanation: A series of activities that will aid in teaching children the knowledge, skills and attitudes they need to use 911 emergency service. Children will learn what to do, who to call and what to say when they need emergency help.

Format: Lesson Plan/Guide

Time:

Audience Kindergarten - Grade 3

**4145.**

Title: ***North American Guidelines for Children's Agricultural Tasks (NAGCAT)***

Date: ©1999

Source: Saskatchewan Labour

Explanation: This education kit contains teaching materials and resources for a school and community farm safety program. The kit includes: resource manual and teaching aid; SK Farm Safety elementary teacher's kit; SK Farm Safety secondary teacher's kit; NAGCAT handout materials; and farm safety photo CD.

Format: Lesson Plan/Guide Time:

Audience Farm Families and Kindergarten - Grade 12

**4146.**

Title: ***I'm No Fool with Fire***

Date: © 1987

Source: Magic Lantern

Explanation: Host Jiminy Cricket describes the 3 elements needed to start a fire, and warns of ways carelessness can start fires. At a real fire station, a fire fighter helps youngsters review stop, drop and roll; home escape plans; smoke alarms; and emergency numbers. Live action and animation.

Format: Video Time: 16 minutes

Audience Grades 2 - 5

**4147.**

Title: ***Where There's Smoke, There's Science***

Date: © 2003

Source: NFPA

Explanation: This fun animated video helps kids understand the science facts behind fire safety behaviours, as three students - one who just experienced a fire at home - prepare projects for a science fair. Youngsters will learn how fires start, why smoke is so dangerous, how to make an escape plan, and why it's important to get out fast and stay out.

Format: Video/Instructor's Guide Time: 12 minutes

Audience Grades 2 - 4

**4149.**

Title: ***The Smoke Alarm Show***

Date: © 2004

Source: NFPA

Explanation: Two students are heading home to work on their report about smoke alarms, when a push of the button transports them inside the alarm. There they meet several larger-than-life characters who explain how smoke alarms work and the right way to install, test and maintain them. The video encourages kids to work with their parents to test alarms in their home. Plus, it highlights smoke alarms as one part of a complete home fire escape plan that includes regular drills for the whole family.

Format: Video/Instructor's Guide

Time: 12 minutes

Audience: Grades 3-6 and Families

**4150.**

Title: ***Risk Watch Unintentional Injuries: Level 1 (Canadian Version)***

Date: © 2005

Source: Ontario Fire Marshal's Public Fire Safety Council

Explanation: A school-based curriculum. The resource includes lesson plans and activities that cover 8 risk areas, such as motor vehicles, fire, water, poisoning, falls, and bike and pedestrian safety. It is taught in schools with an important addition - it brings together fire, police, health care and emergency service providers to get the whole community working together. CD resource is English and French.

Format: Lesson Plan/Guide

Time:

Audience: Preschool - Kindergarten

**4151.**

Title: ***Risk Watch Unintentional Injuries: Level 2 (Canadian Version)***

Date: © 2005

Source: Ontario Fire Marshal's Public Fire Safety Council

Each teaching module includes a CD with student workbooks and other reproducibles. It also provides opportunities for community experts to get involved.

Format: Lesson Plan/Guide Time:

Audience Grades 7 - 8

**4200.**

Title: ***TAPP-C Fire Service Educator's Manual***

Date: © 2004

Source: Ontario Fire Marshal's Public Fire Safety Council

Explanation: TAPP-C is collaborative program involving fire service and mental health professionals working together to stop juvenile fire involvement. If there is no mental health agency in your area, fire departments are still encouraged to provide fire safety education to the child and family. For Mental Health manual (refer to #4204 English Only).

The fire safety component includes age appropriate educational sessions with different exercises for children and youth aged 2 to 17 years. The program contains all materials for the fire service including: teaching manual, CD of reproducibles, and VHS tape of teaching videos. There is also a TAPP-C training video for the fire service (refer to #4506 English Only).

Format: Video/Education Kit

Time:

Audience Firesetters Age 2 - 17 Years

**4201.**

Title: ***Katie and Max Make a Choice***

Date: ©1997

Source: Salem Fire Department, Oregon

Explanation: "It was only a little lighter ... how could it burn down a big house?" Children often have misconceptions like this one about fire. The video tells the story of two children who play with fire and shows some of the effects of their actions, including financial and emotional repercussions. It is designed to stimulate children's thinking about the consequences of fire play.

Format: Video

Time: 15 Minutes

Audience Curiosity Fire Setters Age 6 - 10 Years

**4202.**

Title: ***Through the Eyes of a Child: Burn Recovery***

Date: ©1993

Source: Kendall Canada Inc.

Explanation: This video can be part of an education program for adolescent fire setters. A visit to a burn recovery camp highlights the physical, psychological and social consequences of fire setting through interviews with actual burn victims. The primary message is delivered by the children themselves.

Format: Video

Time: 17 Minutes

Audience: Fire Setters Age 9 - 12 Years

**4203.**

Title: ***Marked by Fire***

Date: ©1996

Source: Insurance Federation of Minnesota

Explanation: This program is designed to help adolescents understand the potential consequences of arson fires. The video tells the stories of "James", a young man whose bad decision had far-reaching consequences; senior citizens whose lives were threatened by an arson fire; and "Brent", who suffered serious burns in a fire. It takes a direct and graphic approach in showing exactly what young people stand to lose by handling fire carelessly. A discussion guide is included to help the presenter bring out the lessons to be learned from the stories of the people told in the video.

Format: Video/Guide

Time: 20 Minutes

Audience: Teenage Fire Setters

**4204.**

Title: ***TAPP-C Clinician Manual: Preventing & Treating Juvenile Fire Involvement***

Date: © 2004

Source: Ontario Office of the Fire Marshal

Explanation: TAPP-C is collaborative program involving fire service and mental health professionals working together to stop juvenile fire involvement. For Fire Service manual (refer to #4200).  
The mental health component includes risk assessment, as well as caregiver and child interventions.

Format: Manual/Book

Time: 212 Pages

Audience: Fire Setters Age 2 - 17 Years

**4205.**

Title: ***Fire Setting and Youth***

Date: ©2002

Source: Manitoba Office of the Fire Commissioner

Explanation: A resource for parents, educators and professionals to discuss firesetting with children and youth, especially those youth with learning disabilities, cognitive deficits and other learning issues. This book is designed as a prevention and intervention tool to help adults talk to children and youth about firesetting.

Format: Manual/Book

Time: 40 Pages

Audience Child and Youth Fire Setters

**4206.**

Title: ***Making Good Choices About Fire Safety***

Date: © 2006

Source: Idea Bank

Explanation: Kids talking to kids. That's what gives this interactive DVD its real power. Two are burn survivors, three have set fires, four are learning about the importance of fire safety and all have a message to share. In a style established by "In Their Own Words" and "Four Years After", this is the third program in that series.

Format:

Time: 12 Minutes

Audience Fire Setters Grade 4-6

**4207.**

Title: ***In Their Own Words***

Date: © 1998

Source: Idea Bank

Explanation: "In Their Own Words" is a compelling and truthful portrait and surprisingly positive in tone. Shot in documentary style, it is the story of three teenagers from different cities whose lives were changed by fire. The video captures the emotional, financial and legal price they have paid for setting fires. A terrific tool for fire professionals, law enforcement officers, mental health councilors and educators.

Format:

Time: 10 minutes

Audience Fire Setters Grades 7-12

**4208.**

Title: ***In Their Own Words - Four Years After***

Date: © 2002

Source: Idea Bank

Explanation: In Their Own Words shares the personal stories of three teenagers. It is a compelling portrait of the consequences of juvenile fire setting. Now, "Four Years After" revisits Amy, Jason and Domingo... revealing the directions their lives have taken since the first video was released. Once again, the heart of the program lies in the power of their honesty as they tell their stories in their own words. It is an ideal tool to use for one-on-one interventions as well as in a classroom setting.

Format:

Time: 9 Minutes

Audience Fire Setters Grades 7-12

**4300.**

Title: ***Fire Power***

Date: ©1986

Source: NFPA

Explanation: "Fire Power" is an accurate film documentation of what happens as fire develops and spreads throughout a house. The film shows the power and speed of an uncontrolled fire. The objectives of this film are: to motivate the audience to view fire as a serious threat; and to show the need for smoke alarms, escape plans and immediate evacuation in the event of a fire. The film also highlights the effectiveness of residential sprinklers in controlling fire and minimizing damage.

Format: Video

Time: 17 Minutes

Audience Grade 6 - Adult

**4301.**

Title: ***Survive! Fire In Your Home***

Date: ©1992

Source: NFPA

Explanation: The dramatic portrayal of a home fire tragedy emphasizes the importance of preparing in advance for such an emergency by installing smoke alarms, and making and practicing escape plans.

Format: Video/Instructor's Guide

Time: 14 Minutes

Audience Grade 6 - Adult

**4302.**

Title: ***Fire! Countdown to Disaster***

Date: ©1984

Source: NFPA

Explanation: Dramatic footage of actual fires make the comparison between "Hollywood fires" and the reality of fire. The video is a documentation of what happens as fire develops and spreads throughout a room. The objectives are: to motivate the audience to view fire as a serious threat; and to understand the importance of smoke alarms and escape plans.

Format: Video

Time: 16 Minutes

Audience Grade 6 - Adult

**4303.**

Title: ***Ten Tips for Fire Safety***

Date: ©1999

Source: NFPA

Explanation: The 10 "Golden Rules" of fire safety in action! This video uses live-action sequences and graphics to illustrate fire safety concepts in a way viewers can relate to. It includes: fire prevention - eliminate hazards involving cigarettes, electricity, space heaters; family fire safety - practice escape plans, keep matches away from children, and cook safely; home fire safety - install smoke alarms and automatic sprinklers; and personal fire safety - crawl low under smoke and stop, drop, and roll.

Format: Video/Guide

Time: 15 Minutes

Title: ***La puissance du feu (Fire Power)***

Date: ©1986

Source: NFPA

Explanation: Ce vidéo constitue une évocation réelle de ce qui se produit lorsqu'un feu prend naissance et se propage partout dans une maison. Il montre la puissance et la vitesse d'un feu non maîtrisé. Il insiste sur la nécessité de se munir de détecteurs de fumée, de préparer des plans d'évacuation et de quitter immédiatement les lieux en cas d'incendie. Il souligne aussi l'efficacité des gicleurs automatiques dans les maisons privées.

"Fire Power" is an actual documentation of what happens as fire develops and spreads throughout a house. It shows the power and speed of an uncontrolled fire. The video focuses attention on the need for smoke detectors, escape plans and immediate evacuation in the event of a fire. It also highlights the effectiveness of residential sprinklers.

Format: Video

Time: 17 Minutes

Audience: Grade 6 - Adult

**4601.**

Title: ***Pense Plus Vite Que Le Feu***

Date: 1994

Source: Quebec Ministère de la Sécurité Publique

Explanation: Une jeune fille et son chien dalmatien discutent de prévention des incendies et des dangers ordinaires d'incendie que l'on rencontre au foyer. On y discute des risques que représentent les fumeurs négligents et de la sécurité des allumettes et des briquets. Le vidéo souligne aussi l'importance de faire installer des détecteurs de fumée et de veiller à leur entretien.

Fire prevention and common fire hazards found in the home are discussed by a young girl and her dalmatian dog. The dangers of careless smoking and match and lighter safety are discussed. The video also stresses the importance of installing and maintaining smoke detectors.

Format: Video

Time: 9 Minutes

Audience: Grades 1-5 and Families

Title: ***Manuel a l'intention des éducateurs des services d'incendie***

Date: © 2004

Source: Ontario Fire Marshal's Public Fire Safety Council

Explanation: TAPP-C is collaborative program involving fire service and mental health professionals working together to stop juvenile fire involvement. If there is no mental health agency in your area, fire departments are still encouraged to provide fire safety education to the child and family. For Mental Health manual (refer to #4204 English Only).

The fire safety component includes age appropriate educational sessions with different exercises for children and youth aged 2 to 17 years. The program contains all materials for the fire service including: teaching manual, CD of reproducibles, and VHS tape of teaching videos. There is also a TAPP-C training video for the fire service (refer to #4506 English Only).
